# Join the HydraFacial #GLOWvolution

3 STEPS. 30 MINUTES. THE BEST SKIN OF YOUR LIFE.

**A** HydraFacial treatment is performed somewhere in the world every 15 seconds. That's because, ladies and gents, HydraFacial is no ordinary facial. It's an experience. A pleasure. A feeling. A confidence booster. And it offers the best skin of your life in 30 minutes.

Skin Renu, a leading skin clinic in Balmain, Sydney, is now offering HydraFacial treatments, and it was high on my post-lockdown pamper priority list.

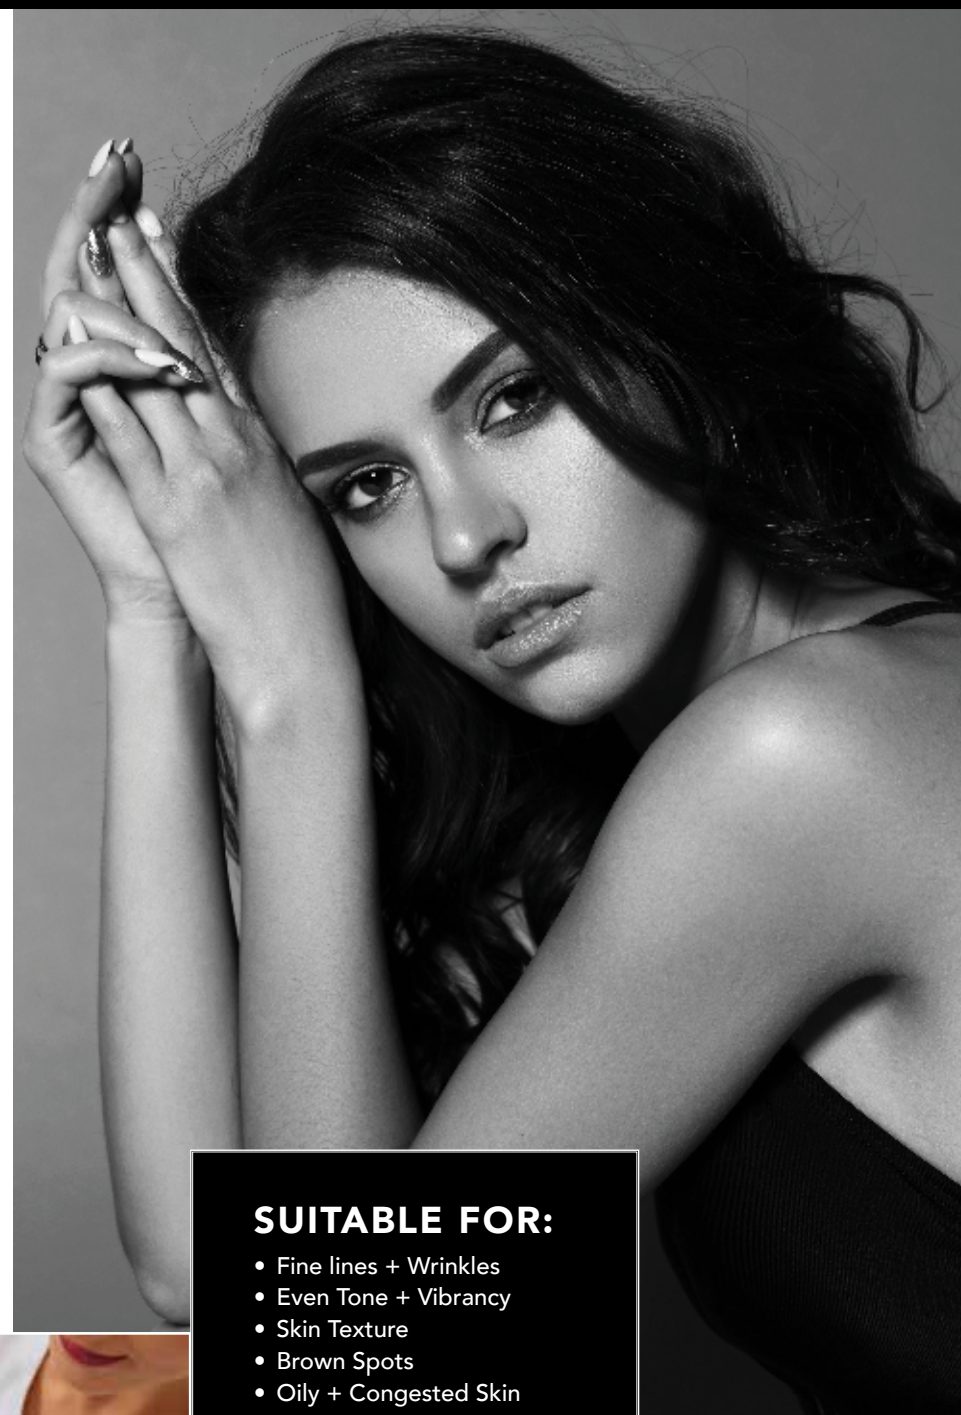

HydraFacial couldn't be easier or more relaxing. After being greeted by the delightful Diana in the welcoming, light-filled reception of Skin Renu, I was set to start my road to sparkling skin.

HydraFacial uses advanced, patented vortex technology to deeply cleanse the skin and effectively deliver botanical ingredients containing nutrients such as hyaluronic acid, horse chestnut seed extract, red algae extract, copper, zinc and magnesium peptides to where they do the most good. In addition, HydraFacial also delivers powerful antioxidants to counteract damage by free radicals - from pollution, sun and stress - which can degrade the skin and accelerate the ageing process.

HydraFacial incorporates spa therapy with medical technology to create truly exceptional skin revitalisation results. It's a facial cleanse,

microdermabrasion, skin resurfacing treatment and antioxidant boost in one quick, easy and pleasant skincare session.

Suitable for all skin types, HydraFacial improves the appearance of fine lines, wrinkles, congested and enlarged pores, oily or acne prone skin, hyperpigmentation and brown spots. Each treatment noticeably decongests and shrinks pores, and plumps the skin with antioxidant and hyaluronic acid infusions. Even the most sensitive skin can benefit from a HydraFacial treatment. It's become my go-to skin pick-me-up. **CBM**

## 3 steps to amazing skin!

HydraFacial is an innovative, multi-stage treatment where every step of the process works together to achieve an even better result than each step could achieve alone.

### CLEANSE + PEEL

Uncovers a new layer of skin with gentle exfoliation and relaxing resurfacing.

### EXTRACT + HYDRATE

Removes debris from pores with painless suction. Nourishes with intense moisturisers that quench skin.

### FUSE + PROTECT

Saturates the skin's surface with antioxidants and peptides to maximise your glow.
